To Whom It May Concern:

I have known Steve Flint for over a decade. Steve and I served on the Board of Directors of the Lombard Chamber of Commerce for over six years together. We are both past Presidents of the Chamber Board.

While Mr. Flint was working for another firm, we hired him to design and build a five thousand plus square foot addition to our current locations. A True professional, Steve handled all constructions issues as they arose, quickly, with grace and dignity. We are very satisfied with our addition, and the service Steve provided.

I enjoy all the time I have spent with Steve and his lovely family over these many years. Steve is an honest individual you can trust, and I take great pride in recommending Steve Flint and his firm for all your needs.

Sincerely,

A handwritten signature in black ink that reads "Steven A. Zeidler".
